SUPPORT THE SCHOOL MEAL PROGRAM

Our School Meal Program ensures students have access to healthy lunches. Government funding helps but we rely on family and community contributions to bridge the gap and keep the program sustainable.

We suggest **\$120 per month (\$1,200 annually)** per student. **Please contribute what you can**, whether it is more or less than the recommended amount.

Scan the QR code to donate.

All contributions made will support the meal program as a whole and contributions are tax deductible. Contact your school to get added to the waitlist.
